

Canine Partners Virtual Open Days in Scotland

We are Canine Partners. We breed, train, and support expert assistance dogs to create loving, life-changing partnerships with disabled people.

Across the UK, we support people with a variety of physical disabilities and their families, carefully matching them with a dog that suits their needs, personality, and lifestyle.

Our dogs bring confidence and independence, love and companionship,

reducing reliance on carers and giving people the freedom to live life their own way.

Whether you're curious about our life-changing assistance dogs, interested in volunteering, or wondering how you can support us, this online session, held on Microsoft Teams, provides a friendly overview of everything we do and, more importantly, why we do it.
